DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

Claim Objections

Claims 1-28 are objected to because of the following informalities: In claim 1 line 4, it appears that "seed" should be inserted before "grain". In claim 5 line 3, "the support frame" lacks proper antecedent basis. In claim 6 line 5, "the vertical part" lacks proper antecedent basis. In claim 8 line 3, and claim 12 line 4, "each connector" lacks proper antecedent basis because claim 8 depends from claim 6 where antecedent basis has been established for "at least one connector". It appears that claim 8 should depend from claim 7. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
